TERMINAL DISCLAIMER

Assistant Commissioner for Patents  
Washington, D.C. 20231

Sir:

I, Michael J. Bolan, am counsel of record for Xircom, Inc., (hereinafter referred to as "Xircom") with regard to this application. I am authorized to sign this Terminal Disclaimer on behalf of Xircom. I certify that Xircom owns by assignment the entire interest in the above-identified application and invention. The assignment of the above-identified application from the inventors to Xircom is recorded at Reel 9728, Frame 0470, and Reel 9728, Frame 0459. I have reviewed all the documents in the chain of title of this patent application and, to the best of my knowledge and belief, title is held by Xircom.

Xircom hereby disclaims the terminal part of any patent granted on the above-identified application which would extend beyond the expiration date of commonly assigned U.S. Patent No. 5,411,405. Xircom also agrees that any patent granted on the above-identified application

shall be enforceable only for and during such period that the legal title to the patent to be granted on the above-identified application shall be the same as the legal title to U.S. Patent No.

5,411,405, and that this agreement shall run with the patent to be granted on the above-identified application and shall be binding on Xircom, its successors, and assigns.

Xircom does not disclaim any terminal part of any patent granted on the above-identified application prior to the expiration date of the full statutory term of U.S. Patent No. 5,411,405, in the event that U.S. Patent No. 5,411,405 later expires for failure to pay a maintenance fee, is held unenforceable, is found invalid, is statutorily disclaimed in whole or terminally disclaimed under 37 C.F.R. § 1.321(a), has all claims canceled by a reexamination certificate, or is otherwise terminated prior to expiration of its statutory term as presently shortened by any terminal disclaimer, except for the separation of legal title stated above.

I hereby declare that all statements made herein of my own knowledge are true, and that all statements made on information and belief are believed to be true, and further, that these statements are made with the knowledge that willful false statements, and the like so made, are punishable by fine or imprisonment, or both, under Section 1001, Title 18 of the

United States Code, and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon.

Respectfully submitted,

Lyon & Lyon
